DETAILED ACTION

Response to Arguments

Applicant's arguments, filed 12/21/2007, have been fully considered and are persuasive. The previous rejections have been withdrawn.

Allowable Subject Matter

Claims 1-11 and 16-19 are allowed. The following is an examiner's statement of reasons for allowance: Gunsch (U.S. Pub. No. 20030117261) teaches an electronic key system (Fig 1) for use in a vehicle having an accessory (items 26 or 24), the electronic key system comprising a similar arrangement and restriction generation device recited in claims 1 and 8, however Gunsch fails to teach wirelessly outputting a specific code corresponding to the operation restriction information registered in the electronic key regardless of what person is carrying the key. At least this further limitation is not taught or rendered obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
